Marilyn--Oh,
I am really proud to be a friend of yours. You and Jay are fabulous people and I will always remember our friendship. You can go a long way in life and I know you will. The time has come, the walrus said,

To talk of many things:

of shoes-and ships-and sealing wax-

of cabbages and kings-

And why the sea is boiling hot

And whether pigs have wings.

Hate we're finally made it. It's true thought this time would come. Yeah! Miss you guys! We've been good friends since junior high school. Hope we can always remain good friends

Marilyn,

I'm so glad that we've become friends. I remember in the 10th grade when we had drivers ed together I used to just get so mad everytime I saw you because I was always so jealous of you! Cause you were the cutest girl in school (still are too!) I'm happy for all the success you've had during school, being princesses and all that and I hope you have continued success! You have the directions to my house if we ever go!

Love, Nancy Grund

Foreword

It was a year of unrest, of protest, of civil and uncivil disobedience, of riots, of sit-ins, of senseless and wanton destruction.

It was a year in which the privates demanded the right to give orders to the generals and the colonels; when students demanded the right to tell administrators how the schools should be run; and set fire to the buildings and threw rocks and bottles when they didn't get what they wanted.

It was also a year of fantastic scientific achievement; when the science fiction of space travel became a reality, and man's journeys to other planets became just a matter of time.

It was a crazy, mixed-up year of a crazy, mixed-up world. So we thought of Alice, and the crazy,mixed-up world she saw when she went through the Looking Glass into Wonderland.

Back in 1865, when a serious and scholarly mathematician named Charles Lutwidge Dodgson published some tales he had told to amuse the children of a friend, he used the nom de plume Lewis Carroll,perhaps because he didn't want scholarly colleagues to think that he was frivolous.

To many the tales were for children only; to others they had serious and satiric meanings. They had a mingling of fantastic absurdity with familiar details of everyday living that has made Alice a perennial delight to adults and children alike.

So we have adapted the fantastic absurdity of the adventures of Alice in Wonderland to the story of the school year in a fantastic and absurd period of the story of mankind.

Alice Wonderland

Have fun

Marilyn, we just wanted to make sure you knew what happened to our Alice Wonderland book after you graduated. Hope you enjoy it!

Senior Class Song

People...people who need people...
Are the luckiest people in the world.
We're children...needing other children...
And yet letting our grown-up pride
Hide all of the need inside.
Acting more like children than children.

Lovers...are very special people...
They're the luckiest people in the world.
With one person...one very special person...
A feeling deep in your soul
Says you're half, now you're whole.

No more hunger and thirst...
But first...be a person who needs people.
People...people who need people...
Are the luckiest people in the world.

Seeking Participation of all Girls

Girls' League is the organization that sponsors activities of interest to girls. Every girl is automatically a member of the league, but an elected cabinet plans and presides over the actual work.

Such activities as the very helpful Campus Pals program that is designed to aid girls new to the school; "Date With Dad"; the annual Sadie dance(see pages 150-151) the selection of "Girls of the Month"(see page 153); and Senior Girls Guest Night.. all of these make school more interesting and more worth while for girls.

Girls' League

Right: Downey High's Girls League was hostess to members of Region X in a convention held in March. Theme was "Up, Up and Away."

Honoring Those

Only students with high scholastic achievement are eligible for membership in California Scholarship Federation. But good grades do not bring automatic membership;application must be made, with a minimum of ten points required. Each A counts three, each B counts one;any D or F disqualifies. Physical education grades are not considered.

The ultimate goal of each member is to become a Sealbearer, or a life member. This requires four semesters of membership, one of which must come in the senior year.

With the aim of giving recognition to scholastic effort, CSF sponsors a program known as Scholars of the Quarter. One boy and one girl of each of the three grades are chosen by a comtee from the guidance office.

Those selected for this title for the first two quarters of this year are shown on page 106. Third quarter selections had not been made at deadline.

JAN WEINBERG
Pep Club Member
of the Year

By means of sign painting and sale of ribbons, Pep Club seeks to stimulate school spirit and support of all athletic teams.

Its members worked hard to achieve this goal; they sold berry pops and donuts to raise money to finance all their activities.

They gave recognition to loyalty by presenting a trophy to Mr. Johnson (see page 174).

By vote of the membership Jan Weinberg was elected "Pep Club Member of the Year."

Compiling this book of memories for you was a job which began with the first day of school, when important decisions had to be made on such things as theme, cover design, and allotment of pages.

Editor Jan Weinberg spent many hours in addition to the regular classroom period in trying to re-capture for you the magic moments of high school life at Downey High in the school year 1968-69.

We hope you like it.

New at DSHS this year was the Student-Principal Advisory Committee,organized for the purpose of better communication between students and administration, to solve problems and deal with complaints of students. In return, the students learn of the problems of administering to the needs of a large and varied student body. The committee is composed of five members from each grade level, with Principal Pierce as administration representative. One important problem resolved was a change in dress standards.

You Can't Take It With You

That's what Grandpa Vanderhoef decided one day,so on his way to his office he just stopped, turned and went back home. Then he began to do the things that he wanted to do: collect snakes, go to circuses and commencements. His daughter Penelope,who marriedPaul Sycamore, was a painter until a typewriter was delivered by mistake, so she became a playwright. This is the family that Tony Kirby, son of a wealthy financier, met when he came to call on Alice, who was his secretary in the Kirby company office. Everyone in the household did what he wanted to do. Paul and Mr. DePinna made fireworks,Ed played the xylophone, his wife Essie took ballet lessons from Mr.Kolenkhov.

There were complications when Tony purposely made a mistake on the night he brought his family to meet Alice's family, but it all ended happily.

"You Can't Take It With You", the three-act comedy by Moss Hart and George Kaufman,was presented in E-2 Theater on the nights of Dec. 12-13.

Couples danced to the music of the State Street Band

Using the theme,"It's about Time," the annual Girls League Sadie dance was held March 22 in the cafeteria.

Going the Roman Way

After a one-year hiatus, the Roman Banquet was revived March 27. All Latin classes participated in the occasion, planning skits and costumes.

Julius Caesar took a beating in all the skits. In the Latin 2 skit(upper left) he is mugged; Latin I(lower left,and the winning skit), assassinated him; and Latin 3 (center,right) also made a corpse of him.

Upper right, faculty guests watched the proceedings; lower right, Marieann Zaby modeled a creation of Roman couturiers.

Our Administration

A new principal came to Downey High this year. Mr. Walter Pierce succeeded Mr. John Warren,who became part of the district administration. Our new principal came to us from Lowell High in Whittier, but was actually a home-grown product, having started his education at Downey Elementary, across Brookshire from DSHS.

Mr. Pierce made an instant hit with the students by immediately trying to bridge whatever "communications gap" might exist,by setting up a Student-Principal Advisory Committee, and by strengthening the homeroom representatives organization

Keeping Tabs on Us

One of the busiest places on campus during each school day is the attendance office,where the official record of each student's attendance must be kept, because it is on the basis of average daily attendance that state's funds are received by the school district.

This is the responsibility of Mr. James Allgood,the supervisor of child welfare and attendance, who is aided by Mrs. Eleanor Weatherford and Mrs. Eleanor Harman and a student staff.

Helping students to schedule their classes, plan their futures, satisfy their college entrance requirements, apply for scholarships....all these are part of the job of the staff of full time counselors.

The guidance office is headed by Mr. Al Hemkin, registrar. Each boy and girl who enters Downey High gets assigned to a counselor according to alphabetical arrangement of the last name; therefore each student has the same counselor for his three school years. In this way the counselor is able to become acquainted with each student's problems and wishes.

Under the chairmanship of Mr. Warne Bolander,the English department strove to develop the skills of students in four areas of language arts: reading, writing, listening, speaking. Instruction was centered around the correct use of grammar, promotion of critical thinking,the expansion of vocabularies and an appreciation of literature.

Instruction for students interested in specializing in dramatics, public speaking, and publications was also provided. To create an enriched program of reading, Mrs. Serena Beck and Mr. Lawrence Gallery utilized a reading laboratory before,during,and after regular school hours.

Languages
Key to Understanding

Foundations for a well-rounded high school education would not be complete without a study of a foreign language. The foreign language department, with Mr. Thomas Eynon as chairman, not only enabled students to speak in a foreign tongue,but to think and understand it at the same time.

Foreign language councils helped to create for each a broader cultural understanding of Spanish, French, German, and Latin. Further help was given by means of the new language lab, put to good use by all the language instructors.

Imagination at Work

Besides developing in students an appreciation of art in all its forms the art department taught them to be observant of nature more thoroughly. Thus the expression of their ideas, in art forms, made art less a school subject and more a part of daily living.

Art students made use of the art gallery with one-man shows of their works, each show lasting for several days.

The courses in the art department included such art areas as painting, freehand drawing, commercial art,and fashion design.

SPECIAL EDUCATION

At Downey High the special education classes have become involved in a program of work experience. The program is one in which the student is given an opportunity to learn academically in a vocational program. When the student completes his schooling, it is hoped that he can then be helped find a job best suited to fulfill his potential. Students are employed on campus while in their sophomore and junior years. Every effort is made to find a place for the student in the community during his senior year.

Their only victory came over Pater Noster,7-6,when Tom Quinn passed to Doug Godfrey for a TD, and Ed Wicks kicked the deciding PAT. In their final pre-league game,they lost to Alemany, 16-7. Pater Noster was beaten,32-6, and Alemany 20-6 in the final pre-league.

The JayVikes got off to a bad start in league play,losing to Paramount by a 12-7 score and to Compton, 19-14.

The next was the satisfying victory over Warren, 7-6, in a game that was primarily a defensive struggle. The touchdown came on a run by Cliff Bingham, a 12-yd. reverse, and Purvis was the winning PAT maker.

They beat Dominguez,14-7, and Centennial,13-7,in their final two games of the league season.

Gaining only two victories for the year, Downey's Bee football team experienced rough going in the Coast League schedule. They scored only 12 points against league opponents,while giving up 163 points.

In the season opener, the BeeVikes were nipped by St. John Bosco, 13-7. The following week they showed signs of having a good offense as they completely crushed Pater Noster, 40-0. Against Lynwood, in the next game,the Bees lost by the margin of a PAT,7-6. Their easiest game of the year came against Alemany, as the Indians did not field a team, and Downey won by forfeit, giving them a 2-2 pre-league record.

Opening league play against Paramount, they suffered a 19-0 loss. In the game against Compton they managed to score on a long pass to Jeff Brumbaugh from John Arebalo, but the defense could not hold the TarBees, and the result was a 31-6 loss.

A couple of mental lapses cost the game against Warren, 20-6; then they were blanked by Dominguez, 19-0; then annihilated by Centennial, 74-0.

Distance Dashers

Neither varsity nor JV harriers were able to come into the winning circle very often, the varsity defeating only Centennial in league competition, and the JayVikes losing all their dual meets,excepting forfeits by La Salle and Bosco.

The varsity also had non-league victories by forfeit over La Salle and Bosco,but lost to BeverlyHills and Lynwood. Paramount, Compton, Warren and Dominguez all perfect-scored them.

They ended on a triumphant note, however, by defeating Centennial's Apaches in the final league meet.

Height would have helped

THE SEASON

Hampered by lack of height, the varsity basketball team had a disappointing season on the basis of games won and lost, as they finished on the bottom of the Coast League, with only one league victory and nine lost.

However, they always managed to give a good account of themselves, and fought to a bitter end in each game. In the pre-league season they had a 5-9 record, taking a place in the consolation finals of both the Inglewood Tourney and Hawthorne Tourney.

Their one league victory came in their first game, against Paramount,67-62. But then it was a parade of losses: to Compton, the eventual CIF champion,82-46; to Warren, 80-59; to Dominguez,78-61;to Centennial,60-51; to Paramount,66-49; again to Compton,76-44; to Warren,75-60; Dominguez,64-54; and Centennial,74-46.

A promising future

Of the four Viking basketball teams, the junior varsity had by far the best season's record.

They finished tied with Centennial for second place in the Coast League, winning six and losing four; and they had a 15-9 overall record.

In pre-league play they beat Walnut, 77-13, lost to Mayfair,50-43,then beat Buena Park,64-42. They lost to Beverly Hills,70-59,but came back to beat the Paramount Pirates, 48-36, then Sierra 43-37. Long Beach Wilson proved to be too much,80-39, but the JayVikes came back to beat Fullerton,46-34, and Glen 67-49;Norwalk,64-52;Sierra,69-53; then Gahr,76-58. They met Beverly Hills and lost again,81-66,but they defeated Lynwood,54-44.

In league play they started out by beating Paramount, 58-48. They next encountered the league champ,Compton, and lost a closely contested game by a 59-49 score.

Against crosstown rival Warren they won a satisfying victory, 50-40. In the next game, against a strong Dominguez team, they managed to pull out a 46-45 victory. They met a strong Centennial team and won,41-39.

At the end of the first round, they were 4-1, just one game out of first place. Starting the second round they again beat Paramount,54-50, but again they lost to Compton,52-41. In an upset the Warren Bears won,45-36,but the Dominguez Dons fell,54-50,before they lost the finale to Centennial,69-50.

Jeff Willcox was named most valuable player; Randy Loper and Steve Caldwell captains.

Bee basketeers had a 2-8 record in Coast League play,and an overall mark of 6-13.

In pre-league play they beat Walnut,Buena Park,Paramount and Lynwood; in league they could beat only Paramount twice. They came close to winning over Warren,losing 59-56.

Don Windham was named most valuable player,and Lindsay Burton and Everett Clark were named captains.

CeeVike cagers had trouble getting over the 30 mark in scoring, and as a result could win only three games in the entire season,and only one league game. That,however,was over Warren.

In pre-league play they beat only San Clemente and Dominguez.

Ismael Mendoza was named most valuable player, and Roy Brady was named captain.

Varsity wrestlers had a very successful season,being in strong league title contention until the final meets. They ended in second place tie with Warren and Compton.

The muscular matmen compiled a record overall of 10-2, and a 3-2 Coast League record, losing only to Dominguez,who won the league's crown,and to Warren by one point,

The season produced many fine wrestlers,including league champions Bob Pulone(130),and Jim Biby (178). They and Doug Wagner(136) and Neile Smith(194) went to the second round of the CIF matches.

In league meets they defeated Compton,Centennial and Paramount. In non-league meets they defeated Lennox,Whittier,Lynwood, Pioneer, Gahr,Bell Gardens,and El Rancho.

Cindermen Tread the Track

Although the Viking trackmen could win but one of five league dual meets, the season was not without its bright spots for Coach Jim Brewer.

There were some individual performances that were noteworthy, and some of them by underclassmen who will be back next year.

Ron Cramer set a new school record of 10.2 in the Cee 100-yd dash; Greg Chavez, who normally ran in varsity dashes, was moved to Bee for one meet and set a new school mark of 23 flat; and Mike Browning, a consistent point getter in the high jump, set a school record of 6-3 3/4.

Horsehiders Hit to Victory

With the Coast League schedule more than half over, the Viking varsity was desperately trying to earn a place in the CIF baseball playoffs by taking second place in league.

As the final deadline for the yearbook arrived,the record stood at 4-4-1, with six more games to play.

They opened the league season with a 15-0 victory over Paramount; then they lost a 6-3 decision to the Compton Tarbabes; and won a 10-inning victory by 6-5 over Warren. Dominguez, the league leader, won,8-1, and Centennial was tied,3-3, in 11 innings.

As the second round of play started, Paramount was again beaten,6-1, but the Pirates came back for revenge,2-1. The next two games, with Compton,resulted in a split, 3-0 and 13-1.

pour out my troubles, you were always there to console me and help
me over so many tough times. How do you thank someone for

I'd do without you. I never thought my day
wonderful then you, I have this one dream or maybe I should say hope, and
that is, that my little girl will be similar or half as sincere
as you. She has an outlook on life, and faith in man-
kind, just a bit of what this special person, whose beauty
is within as much as without is I will be happy and
satisfied. Marilyn you are a true "queen"! You love the world and
example every girl can follow. You love the world and explore
it loves you and its just waiting with wonderful
great experiences for my little friend to get out and
you know I wish the best of everything for you and I
had the world I would give it to you. I love you with all
my heart and it holds a very big and special place for you
in it. We've shared so much together and there is still so much
for us to share. Our friendship will never end instead it
will just keep growing and growing.
Marilyn I pray God's special children
may he guide, bless and protect you always.....
I found this little gold book and it reminded With Love,

One of the highlights of our senior year, Marilyn has been the friendship we have developed along with the rest of the song girls. We've surely had more than our share song, homecoming, Student council, etc. We will always look back on our senior year and remember those long hours of practice, the aching muscles, at camp, our twin outfits, the games, our long gossip sessions, slumber party, competition (we tried!). As we all go our separate ways after graduation to meet new friends and have new experiences we will always look back and cherish our high school memories.

Your beauty both outward and inward is very special. May you have happiness and success in everything you do, Marilyn

Love Always

Sis,

Just know your going to be everything you hoped for. Your always on the go and you always make the best of every-thing you do.

Marilyn, I consider you the closest friend I have ever had. We have shed tears to-gether with happiness and sadness. We always manage to have the same ideas of life, and I hope we can cherish this for the rest of our lives.

I will never forget our fabulous high school years. I thank God for everything he has done for us. Everything just worked out so perfect song, homecoming and most of all our heros. We have had so much fun doubling to the snowy mount-ains and to all the dreamy dates. Thanks so much for making my life so meaning-full, you have really helped me.

Just think Marilyn we are going to be on our own! We are so lucky to have such fabulous parents. They have made us for what we are today.

Cerritos is just around the corner too! I can see us now! Looking at each other with lost eyes, oh well! I know we will try our hardest!

Sis, you're really a beautiful girl inside and outside and I really feel privileged to have you for such a close friend. Lets always be buddies!

Love,
Cath

P.S. I know the future is going to be a happy one

Marilyn,

Well we are finally through high school and it sure has been alot of fun and all because of you. You really a sweet girl and I love you with all my heart. I don't know what it would have been like without you to help me get to school on time and summer school and anyplace. Its been fabulous having you for my girlfriend these past three years. My love for you grows all the time and I'm sure when the time is right we will get married. I guess I'm going in the service and you gonna have to stay home and hold up the fort. You gonna have to go to school and do really good so you can get that teaching credential you want. It's gonna be hard for us to be away from each

other for along time so please keep your mind heading right and read this occasionally so nothing will be forgotten. We've done alot of things together and I like it every time we do. Remember all the boss places we've been I'll never forget any of them not even one, I just hope to add many many more to the list. I want you to know that whatever happens in the future I love you very much and I don't want anything to happen to our feelings for each other. There might be times when were in school and when I'm in the servici that we feel very lonely but always remember feelings like ours won't change and with a little help and understanding (from both of us) we'll make it with flying colors. Love Always Jay xxxxooooo
